

MACK & VOLVO TRUCKS are coming together in the Brisbane region

- Three strategically positioned locations in Brisbane Region offering full Aftersales support
- Extensive hours of operation (24 x hours per day, 5 x days per week)
- Substantial range of facilities offered – major overhauls, smash repairs, chassis modifications

A Message from our Dealer Principal

It is with pleasure I announce the integration of the Mack and Volvo Truck dealer network within Brisbane. These two iconic brands enjoy an excellent reputation, as strong and reliable products, for your transport needs.

We are merging the Parts and Service operations into **three** strategically located facilities within the Brisbane region. The merger will be completed with the commissioning of the new state of the art facility based in Trade Coast transport hub near Pinkenba. The new site is planned to commence operations in February 2010.

These investments continue to demonstrate our intention to be your preferred provider of transport solutions. Please find enclosed exciting information about the range of services offered in each facility, together with site maps and contact details for the key personnel of this merged organisation.

Iain Allison
Dealer Principal
